Long term goal

Om 2 år vil de studerende på KEA, være langt gladere for kantinen. Der vil findes en app, og kantinen blive brugt i langt højere grad.

HMW NOTES

Sende med bluetooth?

Give anmeldelse over maden?

Logge ud og ind?

Få studerende til at bruge appen?

Bruge offline mode?

Bruge delelementer i appen?

Stemme på kommende mad?

SPRINT QUESTIONS

Hvordan kan vi få de studerende til at bruge appen?

Hvordan kan økonomien gøres budgetvenlig?

Hvordan kan vi undgå at studerende tager mad med hjemmefra?

Hvordan kan vi informere de studerende?

INSIGHTER

Indsigter fra studerende på KEA, om kantinen

Kedelig mad

For dyrt - kan ikke konkurrere med fx Lidl

Lille udvalg - mangler vegetarretter

Kedelige omgivelser

TEST AF PROTOTYPE

Indsigter

Overskueligt design

Nemt at finde rundt

Kaffekortet er super

Godt med stories - som på Instagram

Godt med mange muligheder i app

Undermenu kan være overflødig

Interviewguide:

Hvad spiser du til frokost?

Burger du kantinen? Hvis ja, hvad synes du om den?

Hvis nej, hvad er grunden til du ikke bruger den.

- 1) Find abonnementer i appen, og vælg det der passer til dit behov.
- 2) Find genvejstast for TooGoodTooWaste, og køb Pad Thai med hjem.
- 3) Gå ind på kaffeklippekort, og fint stregekoden der skal scannes.
